**The Link Can be Personalized on Your Web Site**

**Gather your history before your office appointment!**  
We now offer a new service for our patients over the web!  
**PROCEED TO GATHER YOUR HISTORY**  
Click above if you have been instructed by our staff to gather your history before your appointment.

Your personalized hyperlink will be provided to you by Primetime Medical Software. From that link, patients will be taken to a Welcome Page

On the Welcome Page (Figure 2), you have the opportunity to adjust the Name for your practice and the Logo for your practice. Please provide your preferences to us, and most changes will be made within one business day. If you wish to adjust the directions in the body of the text, please e-mail [support@medicalhistory.com](mailto:support@medicalhistory.com) and we will send you a Word document to edit. Upon return of this document, we will personalize your Welcome Page text

The image shows a screenshot of a web page titled "Skyline Family Practice P.C." with a blue header and a white content area. The page contains a "Welcome" section with a red emergency notice, followed by three paragraphs of text, and an "OK" button at the bottom. Three red arrows point to specific areas: one to the practice name, one to the logo, and one to the main text area.

**Welcome**

**If you believe this is an emergency, call 911 IMMEDIATELY or go IMMEDIATELY to the Emergency Room. Symptoms such as chest pain, chest pressure, shortness of breath, or blood loss may require immediate medical attention.** 

When you have a medical problem, it's important that we have all of the information needed to reach the very best decisions about your diagnosis and treatment.

Through this questionnaire, you will be asked a series of questions that capture your medical history and describe the symptoms of your present illness. Please complete this questionnaire shortly before your visit, so that the information will be as current as possible.

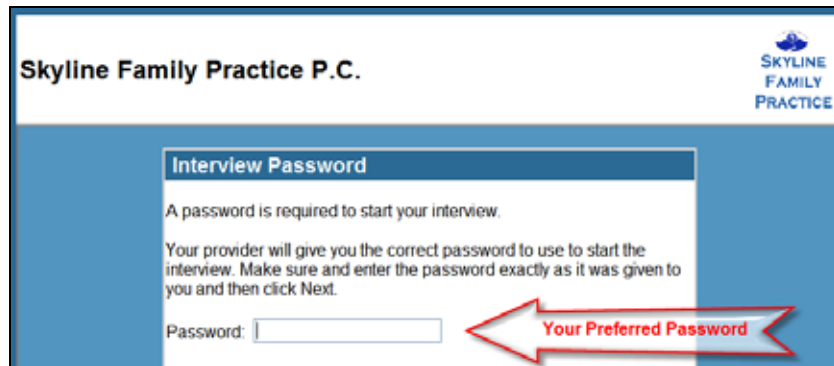

When you have finished, you will see a summary of your symptoms. At that time, your information will be securely transferred to our medical office. There may be additional items that are not asked that you may wish to mention to your physician. Answer as accurately as you are able. Your answers will be reviewed by your health care provider prior to your visit.

Your health information is confidential and will only be shared with your provider.

Click "OK" to begin.

Some practices choose to establish a password for patients to complete Instant Medical History. The default password setting is “OFF”. Please let us know if you would like to turn the password setting to “ON”, and what your preferred password is. Your patients will NOT see this screen (Figure 3) unless you turn ON the password setting.

The screenshot shows the 'Interview Password' screen for Skyline Family Practice P.C. The page header includes the practice name and logo. The main content area has a blue header with the title 'Interview Password'. Below the title, there is a message: 'A password is required to start your interview. Your provider will give you the correct password to use to start the interview. Make sure and enter the password exactly as it was given to you and then click Next.' At the bottom, there is a 'Password:' label followed by a text input field. A red arrow points to the input field with the text 'Your Preferred Password'.

Another potential adjustment is to the list of reasons for visit (Figure 4). This list has been pre-populated with our most common conditions. If you wish to add or remove an item, please let us know.

The screenshot shows the 'Enter the Reason for Your Visit' screen. The page header includes the title 'Enter the Reason for Your Visit'. Below the title, there is a message: 'Please select the reason for your visit from the list below.' A dropdown menu is displayed with the following options: '--enter complaint below--', 'Adult Physical Exam', 'Pre-Operative Checkup', 'Pediatric Well Visit Checkup', 'Adolescent Exam', 'Sports Physical', and 'Backache'. A red arrow points to the dropdown menu with the text 'Adjustable'. Below the dropdown menu, there is a text input field with the label 'OR enter the reason for your visit.' and a 'Next' button. Below the input field, there is a note: '(e.g., cough, headache, chest pain, depression) [Help](#)'.

Now that you have added Instant Medical History to your website, please see “Installing eMedReceiver” for assistance in securely downloading your files.
